## VANISHING *for* THE VOTE

SUFFRAGE, CITIZENSHIP AND  
THE BATTLE FOR THE CENSUS

Jill Liddington

'We thought we knew all about the dramatic campaigns of women for the vote. Until the original schedules became available of the 1911 census, carried out at the height of the suffragette hunger strikes. These revealed how many women resisted this official attempt to count them when they did not count as full citizens. Jill Liddington has mined the census records to bring vividly to life this long-hidden, brave challenge to an anti-suffrage government.'
